

Worksheet 1: What do you see?

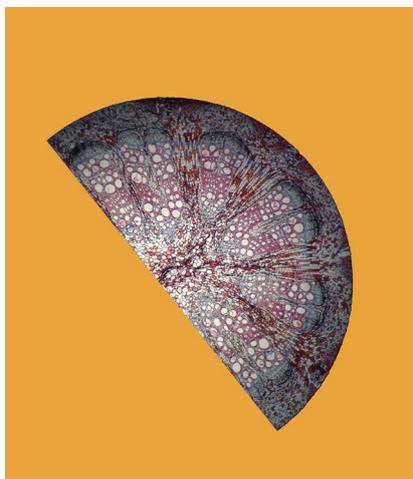

It's a small world: using microscopy to link science, technology, and art

Below are some microscope images taken by the author. Beside each image is an empty box. Here, write (or sketch, if you are feeling creative) a real-world comparison that comes to mind.

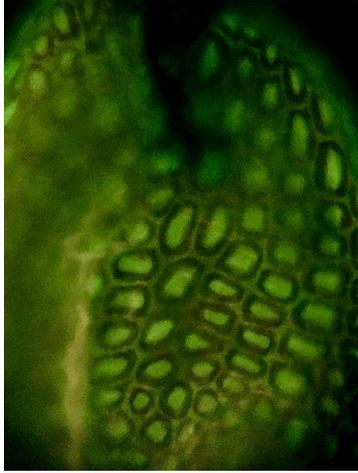

Have fun!

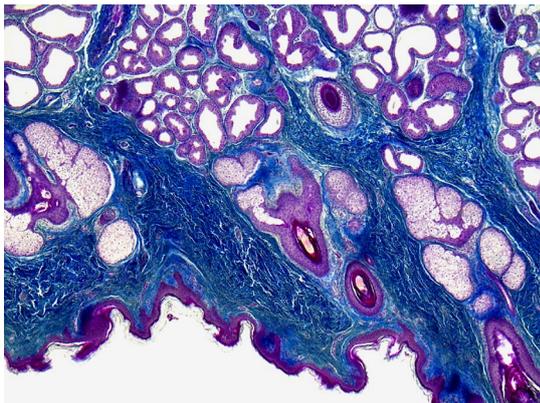

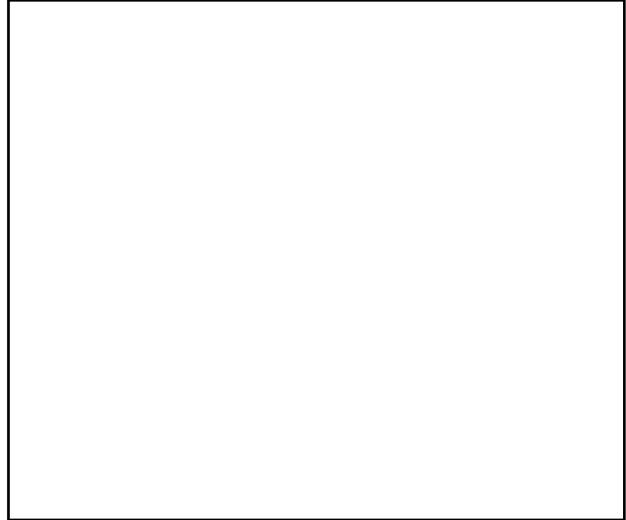

Wood (2017)

Plant vascular tissue (2017)

Arabidopsis seed coat (2018)

Cutaneous glands (2018)

Chlamydomonas (2017)
